

## PROJECT PORTFOLIO

## NORTH WHITE PLAINS STATION PARKING DECK

### North White Plains, New York

- owner:** MTA/Metro-North Railroad
- project manager:** Geoffrey Dopsch, Assistant Director of Capital Engineering,  
914.227.1985, dopsch@mnr.org
- construction cost:** \$41 million
- date started:** 2009
- date completed:** 2014

### PROJECT SCOPE:

Sowinski Sullivan (SSA) was the architect working with a team on the planning and design of a new parking deck at the North White Plains Station.

SSA designed a 500-car parking deck, new access roads, and a jacked tunnel in addition to a new station building, a pedestrian overpass, office and retail spaces, elevators, and a new utility structure serving multiple buildings onsite.

SSA also provided historic preservation and ADA compliance for the existing pedestrian overpass, elevators, platforms, and canopies. This work included analyzing sustainable building strategy for compliance with New York State Executive Order 111 Guidelines for Green and Clean Buildings.
